## STREAM OF GOLD FROM ENGLAND

More Than \$80,000,000 In Last Shipment.

Vast Store of Yellow Metal May Cause Unsound Speculation.

Portland, Me., Sept. 7.—The value of the gold and securities brought to Halifax yesterday on the fast cruiser *Argyle*, and which passed through Maine early today on the way to New York to strengthen British credit, exceeds \$80,000,000.

The gold consists of 11,650,000 English sovereigns, equivalent to about \$58,250,000, and \$7,850,000 in United States coin. The value of the bonds is \$14,000,000.

This is \$30,000,000 in excess of the value of each of the two previous consignments of gold and collateral securities.

Gold Not Desired.

New York, Sept. 7.—International bankers here did not altogether relish today the news from Portland, Me., that more than \$85,000,000 in gold coin was speeding to New York to bolster Great Britain's credits in this country. This, it is believed, is the largest single gold shipment ever made here by a foreign power. It comes, it was said, at a time when gold is wanted less than ever before in the history of the country.

Bringing this mountain of gold to New York at a time when the normal demands of business are lower than usual and when the vaults of the country are already choking with gold may, it is feared, accelerate the tendency toward inflation and speculation. Already, according to the weekly statement of the Federal Reserve Board as of September 3, the gold reserve in national banks has reached the total of \$268,000,000.

This mass of treasure, it was pointed out, cannot remain idle. Seasonal demands, such as the increase demand for money in the dry goods trade, and the movement of the great wheat and corn crops, will decrease the sum, but will still leave, it is believed, a huge amount which must be put to work in other ways.

Fear Fictitious Values.

A strong temptation, it was feared, would thus be resented to employ the remaining surplus in speculative enterprise which would tend toward bringing a period of inflation and fictitious values, whose collapse would have an unhealthy effect upon business general.

While pay for the supplies sent to Great Britain is, of course, both wanted and expected, New York bankers do not want to be paid in gold. They would much prefer to lend Great Britain the money to pay them, taking high-class American securities as collateral for the loan.

In the face of England's great shipment of gold and the accompanying securities, aggregating more than \$80,000,000 and of the conviction that other huge shipments soon would follow, the foreign exchange rate on sterling opened today at a loss of \$4.67. Within two hours it lost two cents more going down to \$4.64. France remained at virtually the same figure, \$5.96. This, too, was the case with lira, which were quoted at \$6.46 while reichsmarks were a trifle stronger at 81 cents. Quotations, however, were said to be purely nominal.

Total Near \$180,000,000.

An Index of Great Britain's huge volume of purchases in this country was afforded by this shipment of gold and securities and the two preceding shipments, which aggregate approximately \$180,000,000. This sum has reached America since August 2. In round figures, \$100,000,000 of the amount has been in gold coin.

In normal times of peace, international business is generally maintained on a basis of 6 to 10 per cent. That is, a foreign credit of, say, \$100,000,000 could be carried, without disarranging the exchange rate, on a cash basis of \$6,000,000 to \$10,000,000 on hand here. Some

authorities say that the war-time basis is 25 per cent.

Should such be the case, Great Britain's three shipments of the past five weeks aggregating \$180,000,000, would indicate, should the exchange rate remain near normal, that she had bought goods to the value of \$720,000,000 in America. This is believed to be below the minimum; the exchange rate it at present twenty-one cents under normal. Other factors entering into the situation lead to the belief that England's bill to America at the present time is in the neighborhood of \$1,000,000,000.

Some of this big bill, it was said, probably was for the account of France. An arrangement between England and France for paying bills due here exists it is believed, but its details are not known.

Mexican Policy in Ninth Stage.

Washington, Sept. 7.—This year's Pan-American conference on Mexican affairs is the ninth phase of the Democratic administration's method, or lack of method, for dealing with the subject. The computation, as kept by the Philadelphia North American, shows that the first move was President Wilson's declaration, without warning and without consultation, with any known advisers of competence, that this government would never recognize Huerta—a high-minded resolve, but, under the circumstances, a perilous experiment.

Then succeeded dreary months of "watchful waiting" and "the steady pressure of moral force," without any tangible result except an increase in Mexican turbulence. Secret partnership with marauding factionists was the next device employed.

But moral suasion and intrigue suddenly gave way to armed intervention. Without taking into his confidence even the congressional committee on foreign affairs, the President ordered the invasion of Mexican territory and the seizure of a Mexican city, in order to compel reparation for an affront to the flag and "to serve humanity if we can find the way."

Nineteen Americans and some scores of Mexicans were killed in this adventure, and the country was involved in the beginning of a needless and worthless war. It was extricated through the friendly intervention of Argentina, Brazil and Chile, whose offer was promptly and courageously accepted by President Wilson.

The fifth phase therefore, was arbitration. The sixth was the futile and humiliating withdrawal from Vera Cruz, without the accomplishment of a single one of the purposes which dictated the occupation, not even the demand to salute the flag.

Almost as disconcerting was the next step, which was the deliberate ignoring of the whole matter in the President's message to Congress. Upon the great problem, the solution of which had been announced as the first and most important task of the administration, the chief executive had not a word to say.

But last January, in a speech at Indianapolis, he put forth a plan more astounding than any of the others. He declared it was "none of our business" how long the Mexicans took in choosing their government, now how they went about it, and that while he was President nobody should interfere with their right to cut each other's throats.

And now the ninth in the series of experiments. If it proves to be unsuccessful, how long will it be before the score mounts to ninety and nine?

A Free Gate At Kansas Fair.

Kansas is trying an experiment this year, according to dispatches in which Des Moines will be especially interested. No admission will be charged to the State Fair which will be held at Topeka. The concessions and entry fees will be expected to make up the deficiency. It is figured that the attendance will be so much greater and the amount of money expended within the grounds so much larger that in the end everybody will be happy and the fair out of debt.

It has often been suggested that the ideal system for the Iowa State Fair would be to have free gates, thus putting the wonderful exposition within reach of all. If the plan is successful in Kansas, why should not Iowa follow suit?

## CHALLENGES SENT TO WATTERSON

Urges Direct Election of Committeeman.

Would Give People of Kentucky Chance To "Take a Crack at Marse Henry's Head."

Owensboro, Ky., Sept. 6.—Deploring the fact that Henry Watterson has seen fit to engage in the row now being staged between Col. Urey Woodson of this city and "General" W. B. Haldeman, of Louisville, for the seat as Democratic National Committeeman from Kentucky, Col. Woodson tonight made public the text of an open letter he forwarded to Mr. Watterson on returning from the East.

In the letter, Col. Woodson invites Watterson to aid in having the next Legislature amend the State primary law so as to include the direct election of national committeemen. If this is done, he urges that "Marse" Henry then announce himself for an office and with Col. Woodson place his candidacy before the people. In this event, according to the Owensboro man, this is what would happen.

"It would be easy for me or any other regular Democrat to beat you by 50,000 majority before a people who long for a chance to take a crack at your wicked old head."

What Letter Says.

Col. Woodson's letter follows: "Dear 'Marse' Henry: Returning from a week in New York, I am rather surprised to find you still laboriously arguing in the Courier-Journal of Sunday that I haven't a leg to stand on, etc. If a poor devil is in this pitiful condition—if you have him down and helpless, why continue to kick in his ribs?"

"Methinks, 'Marse' Henry, you don't believe it—not a word of it—or you wouldn't be protesting so much. You know that I know the national party law, or ought to, after twenty years' experience. You know that as a member of the Democratic National Committee since 1896, and as an officer of it, much of this time, I am not only fully conversant with all the rules, but have sat in many contests from various States in all these years. You have known me for thirty, forty years more or less intimately. We have often exchanged confidences and had many political fights, some times as comrades and sometimes as opponents. I am, therefore, very sure that you are very sure I would not have idly wired from New York my defiance of the effort to unseat me before my term expired.

"You plainly show you are filled with consternation. I shall certainly not argue the 'tempest in the teapot' with you. You may go on abusing me and other good Democrats—you who have served include the election of the National Committee man by the people at the polls. I challenge you to contest this place with me before the Democrats of Kentucky. I dare you submit your name to the voters.

"I may be legless and down and out, but in this condition, and blindfolded, as well, it would be easy for me or any other regular Democrat to beat you by 50,000 majority before a people who long for a chance to take a crack at your wicked old head.

"With kind regards to the 'General' whose cause you feel called upon to so mildly espouse, believe me, dear 'Marse' Henry, most affectionately yours,

UREY WOODSON."

Should Seize Their Opportunity.

Many of the leading Democrats are saying frankly that the Democratic Tariff is a failure. They favor a return to a higher Tariff in order that American industry and labor may be better protected against the cheap labor menace from foreign countries. It is likely that the free-trade notions of the Democrats may prove more damaging to them than all their good qualities can offset. They should seize their opportunity now and do the logical thing; enact a Republican Protective Tariff.—Adair (La.) News.

## ESTELLE GAY TELLS STORY

Says She Is Mother of John C. C. Mayo's Son.

Tells of Big Fee Paid To Attending Physician to Quiet Gossip.

Cincinnati, Sept. 7.—In the courtroom of Presiding Judge Frederick L. Hoffman, of the Hamilton County Common Pleas Court, which was crowded to suffocation, Mrs. Estelle Cooper Gay, New York widow and daughter of Judge Cooper, of Mt. Sterling, Ky., for four hours to-day told under oath a story that in remarkable elements involved possibly, has few counterparts in legal procedure.

In telling her story, Mrs. Gay maintained that she is the mother of a boy now 2 years old, the son of the late John C. C. Mayo, Kentucky capitalist and politician. She testified that Dr. J. D. Meade, prominent physician, who is made defendant with his mother-in-law, Mrs. Lena Mullins, in a habeas corpus writ, attended her at the birth of the child and was paid a fee of \$4,000 by Mayo. It was arranged by the capitalist, she said, to have the child removed immediately after its birth and cared for by a woman unknown to Mrs. Gay.

Boy Was Secreted.

Into her recital, which reached its climax when she charged that Dr. Meade has secreted her 2-year old boy, the son of the late multi-millionaire, John C. C. Mayo, of Palmsville, Ky., she brought the names of many prominent men, including United States Senator Clarence W. Watson, of West Virginia, and sketched revelation of the names of others, but was checked by her counsel, and she was prepared it seemed, to remove the lid from a secret chapter of Kentucky politics and of the Baltimore convention that nominated Woodrow Wilson because of her knowledge of Mayo's plan to be elected Senator from Kentucky.

Mrs. Gay testified that agents of the Mayo estate, whom she mentioned by name, had deceived her into losing the disinterested friendship and assistance of United States Senator Watson, of West Virginia, president of the Consolidation Coal Company, in which Mr. Mayo had been interested.

There was a surfeit of sensation, but the principal one's were:

Mrs. Gay's declaration that Dr. Meade so feared a dictograph that he wrote questions to her on pieces of paper and then destroyed them; that her trunk was seized by Dr. Meade at a local hotel and letters vital to her case were stolen; that Attorney Stewart, of Ashland, Ky., representing Mrs. Mayo, told her he had paid Dr. Meade to secret the baby and that he clouded her case and induced her to write incriminating letters and documents.

"Life Threatened."

Minor thrills were allegations that Dr. Meade had threatened her life and to place her in an asylum; that upon promises to restore her baby to her he induced her to write letters declaring the child had died; had induced her to tell several persons there never had been a child; had forced her to sign a document pledging him that the per cent. of any sum she might recover from the Mayo estate and forced her to write a long document exposing "everything she knew of men of national prominence who were Mayo's friends."

Under cross-examination by Attorney Millard Tyree, for Dr. Meade, Mrs. Gay repeated her story, even elaborated on it. Judge Hoffman continued the case for two weeks to give Mrs. Gay's counsel time to gather testimony in other States.

Interesting Court Notes.

The special term of the Ohio county Circuit Court was called to try 72 cases. It was called to sit two weeks, or twelve work days. It actually sat ten days during which on two days no case was tried.

There were 5 trials and 4 pleas of guilty. One trial resulted in acquittal. There were two murder trials in

which one resulted in a hung jury, above mentioned, one got a sentence of 3 years, and will be given a new trial.

There were two so-called Possum hunter cases tried, one acquitted and one given one year.

Number of cases continued 64. New indictments returned 69.

Cost To Tax Payers.  
Jury fees ..... \$735.42  
Com'th's witnesses... 363.64  
Official Stenographer... 40.00  
Jailers fees ..... 40.00  
Sheriffs fees ..... 166.60  
Clerks fees ..... 80.00

This does not include cost of prisoners left in jail and the jail is full. It does not include cost to the people who were compelled to attend court under orders, as witnesses for defendants. This would run the entire cost up to more than \$2,000 for the term. We are not printing this as a criticism of the court, or the Commonwealth's Attorney, who alone said what cases should be tried and the ones continued, but we give it in order that the people may see the results and at what cost.

Death of Mrs. Ada Combs.

Mrs. Ada Combs, the wife of Mr. M. H. Combs and daughter of the late I. N. Duke, died at her home at Dukehurst last Saturday evening at 8 o'clock.

Funeral services were held at the residence Sunday afternoon at 2 o'clock by her pastor, the Rev. Vanhoy and the remains were interred in the family cemetery.

Mrs. Combs leaves surviving her Mr. M. H. Combs, her husband; a daughter, Miss Lena Combs; a son, Eugene Combs; a brother, Mr. J. A. Duke and a sister, Mrs. Prudie Moore, of Hartford.

The deceased had been in failing health for several months so the death was not altogether unexpected. Mrs. Combs will be missed by the Methodist congregation of which she had been a faithful member for several years and her many friends extend their profound sympathy to the family in their bereavement.

Ohio County Republicans Organize.

A regular meeting of the Republican organization was called to order by chairman A. D. Kirk, Wednesday and roll call showed the presence of a quorum. Sickness and other unavoidable circumstances prevented a few of the candidates from attending the meeting. Owing to the absence of Mr. R. E. Duke, the regular Secretary, Mr. W. S. Tinsley was chosen temporarily to act in that capacity.

The Ohio county Republican Campaign Committee was selected with A. D. Kirk, Chairman and W. S. Tinsley, Secretary. Arrangements were made for election officers at the coming November election and other details attended to.

Absolute harmony and what is known in athletic contests as team work were very evident from the business like manner with which affairs were dispatched.

All indications point to a large increase in the Republican majority in Ohio County.

German Drops Wreath.

Belfort, France, Sept. 7.—A German aeroplane, flying at a great height appeared last evening over Chavannes, an Alsatian village on the frontier, the aviator dropped a wreath which bore the inscription: "To Pegoud, who died like a hero, from his adversary."

The noted French aviator, Adolphe Pegoud, while making a reconnaissance recently near Petite Croix, was killed by a German aviator whom he had attacked.

Fair For Ohio County.

The Ohio County Fair Company has decided to give a three days fair at Hartford this year. The date will be Sept. 16, 17 and 18.

Special attractions are being arranged and the premium list will be larger and better than ever.

On Dam's Hook Five Hours.

Caught in the current of the Susquehanna River while fishing Saturday, Charles P. Anstadt, a publisher, was being swept over the New Haven power dam when he grasped a tree stump and held securely.

For five hours he clung to the stump, and when rescued by Alvin Brothers, who went after him in a motor boat, Anstadt was almost exhausted.

## FAILURE TO MAKE SURVEYS

Caused by Lack of the Necessary Appropriation.

This Caused Much Loss Estimated to be Seven Per Cent of Appropriation.

Washington, D. C., Sept. 8.—For two successive years surveys of mineral resources in Alaska were delayed and prevented by neglect of the Democrats.

Failure to pass the appropriations for these surveys in time to equip the experts with the Geological Survey made the work impossible.

Reports from the Chief of the Alaska Mineral Resources Division furnish an official account of how this important activity was hindered by the negligent delay of the Democratic House.

"In 1912 the appropriation for the continuation of the investigation of mineral resources of Alaska was not made until August 24," says the administrative report for that year. "As a consequence of this delay but little could be accomplished and the projects undertaken could be carried out only at relative heavy expense.

"Only three parties out of the twelve eventually dispatched to Alaska had a full season's field work. Several other parties were dispatched under temporary grants, but the funds were so inadequate that the parties were undermanned and but poorly equipped. Several important pieces of work had to be abandoned."

Appropriation for the same work was delayed the next year. The official description of the way this embarrassed the Alaska surveys is even more striking than the report declaring that it caused a loss of 29 per cent in time, a heavy money loss, and a check in efficiency that cannot be estimated.

"The fact that the appropriation was not made promptly," says the 1913 Department account, "much curtailed the field season of several of the parties and thereby greatly enhanced the cost of the work. Out of a total of 14 field parties, only 5 had a full season's work. The loss in time, due to delay in appropriation, amounted to an average of one month, or 29 per cent, for each of 8 field parties.

"A careful estimate shows that the actual monetary loss occasioned by the delay—that is, expenditure for which there was no return—was over 7 per cent of the total appropriation. There was also a loss of efficiency brought about by the delay of the field, and consequent change of plans which cannot be expressed in figures."

World Landmarks Going.

How the Homeric heroes, if they could revisit the scenes of their earthly exploits of some three thousand years ago, would marvel at the devastation wrought by the war in places which history had enshrined as sacred! On the Asiatic side of the Dardanelles, the big guns of the Allies have played havoc with host of the ancient landmarks on the Trojan plain. All that now remains of "the topless towers of Ilium"—the ruins of ancient Troy at Hisarlik, which Schliemann and other archaeologists have so wonderfully described—is now a shapeless mass. The wall from which, according to tradition, the sorrowful Andromache watched Hector's departure, is now utilized as a shield or cover for a military trench. Indeed, the fiercest fighting on the Asiatic side has nearly all taken place quite close to the ruins of Troy, near Kum-Kale, and the venerated mound which marks the site is now so changed that the explorer of the future, finding it unrecognizable will gaze upon it in despair.

Special Premium By Citizens Bank.

A nice baby buggy to the most perfect baby under one year old—to be shown in plain baby all-doctors to be chosen by Fair Co. as judges. Ring opens at 11 o'clock on Saturday of Fair.

Hartford has one of the fastest half-mile tracks in the State and you will see good trots, paces and running races

**OHIO COUNTY FAIR COMPANY**

Hartford,

Kentucky.

## REPUBLICAN PLATFORM.

The Republican party in Kentucky in convention assembled adopts the following platform:

(1) We approve the policies of the National Republican party in providing for the defense of our coasts against foreign invasion, and the protection of American industry against the pauper labor of foreign countries without imposing unnecessary or unjust burdens upon the consumer. We favor the nomination for the Presidency of a candidate who is in accord with those policies, and is abreast of the spirit of progress required by ever changing condition.

(2) We condemn the inefficiency of the administration at Washington, its inadequate tariff law and its tax in times of peace, which have resulted in the closing of factories, the stagnation of business and the enforced idleness of millions of workmen.

We demand the redistricting of Kentucky in legislative, senatorial, congressional and judicial districts, which shall give equal representation and equal voting power to every citizen of every district, in conformity with the plain requirements of the Constitution, and not as at present, in flagrant violation thereof.

(3) We demand the repeal of the present infamous primary law formed for the purpose of preventing freedom of choice to the voter, and favor the enactment of a law which shall permit party nominations for judicial offices without regard to the party affiliation of the candidates so that the judiciary may be chosen on non-partisan grounds, and the continuance in office of judicial public servants may be determined by no other qualification than that of fitness.

We favor amendment to State laws permitting and encouraging joint nominations of the same candidate by the different parties. We demand the repeal of the law providing for registration certificates imposed upon the State by the Democratic party for immoral political purposes, whereby votes in Kentucky have become negotiable instruments, passing by delivery.

(4) We demand that the public schools of the State shall be taken and kept entirely out of politics, and that the interests and welfare of the children shall have first consideration in all public school matters. We call for better schools and schoolhouses, for longer school terms in the country and better pay for the teachers.

We also favor extending the aid of the State to its institutions for higher education.

(5) There should be complete publicity concerning the expenditure of money for political campaigns, and a law should be passed for the accounting by candidates and campaign managers of all sums of money collected for political purposes.

(6) We demand the enactment of a law providing for bi-partisan control of the penal and charitable institutions, and for the abolition of convict labor, and we endorse the Constitutional amendment providing for convict labor on public roads and highways, insofar as the same may be done without injury to free or organized labor.

(7) Realizing the influence of good roads on the economic, educational, social and religious development of the State, we pledge ourselves that the present law, introduced by a Republican, authorizing State aid, shall be carried out, and the building of permanent highways throughout the State by a system guaranteeing to the people an honest expenditure of their money, shall be encouraged.

(8) We favor further legislation for the protection of labor from unnecessary bodily injury, and we favor the enactment of a fair and equitable workmen's compensation law.

(9) We favor giving to the Railroad Commission power to regulate public utilities of the State.

(10) We favor the passage of laws which shall make effective constitutional provision against the issuance of free passage to officials.

(11) We oppose double taxation, and will favor a thorough revision of the tax laws which will equally distribute the burdens of taxation, reduce the rate and not only retain the capital now invested, but invite the investment of other capital in the State. We favor the adoption by the people of the Constitutional Amendment enlarging the power of the General Assembly on the matter of taxation, and when such additional law is passed to make it effectual only when submitted to, and approved by a majority of the people who vote upon the same. We favor such regulation by law as will consolidate assessment and collection of taxes, so that the cost of collection may be materially reduced.

(12) We condemn the enactment by the Democratic party of a large number of obnoxious laws, the creation of expensive offices and commissions and the wasteful and extravagant expenditure of money, and we promise, if given power, to repeal all such laws, to abolish superfluous offices and reduce the cost of administration to the least possible point consistent with an economical and efficient system of government.

(13) Realizing the importance to the State of the prosperity of the farmers, we heartily approve of their legal efforts to secure better prices for the products of their farms, and pledge ourselves to assist them in all legal ways.

(14) For economic, as well as humane reasons, we recommend that the State of Kentucky undertake to supplement and later to continue the work of the United States Public Health Service for the prevention of blindness from trachoma, a communicable and painful disease of the eye, from which, the last census report shows that 33,000 persons are suffering in a single section of the State.

(15) We call attention to the vast resources of our State as yet undeveloped and invite capital and labor into the State to develop such resources.

(16) Expressly reserving the right of all Republicans to vote upon the question of woman's suffrage as they see fit we favor the adoption by the next General Assembly of a resolution submitting this question to the people for decision at the election of November, 1917.

(17) The Republican party in Kentucky is responsible and deserves the credit for the county unit law. In 1907 we declared definitely for the local option law with the county as the governing unit. In 1911 we again declared for the county unit law in accordance with the Constitution.

We now declare our continued adherence to the county unit law, and we do hereby endorse the present county unit law of Kentucky, and pledge ourselves to its strict and rigid enforcement, and we favor the adoption of such amendments thereto as may be necessary to make it effective beyond question.

Mary Phagoo Speaks.  
You care a lot about me you men of Georgia, now that I am dead.

You have spent thousands of dollars trying to learn who mutilated my body.

You have filled the columns of your newspapers with the story of my wrong.

You have broken into a prison and murdered a man that I might be avenged.

But why did you not care for me when I was alive?

I was a child but you shut me out of the daylight.

You held me within four walls watching a machine that crashed through the air.

Endlessly watching a knife as it cut a piece of wood.

Noise fills the place—noise, dust and the smell of oil.

I wish some of the thousands of dollars that you spent in the trial might have kept me in school.

A real school, the kind you build for the rich.

I worked through the hot August days.

When you were bossing the girls, or shooting birds.

Or lounging in doorways, cursing everywhere.

the nigger,  
And you never paid me enough to buy a pretty dress.

You sometimes spoke coarsely to me when I went to and from my work.

Yes, you did, and I had to pretend I liked it.

Why did you despise me living and yet love me so now?

I think I know. It is like what the preacher told me about Christ: "People hated him when he was alive."

But when He was dead they killed a man after man for His sake.

—Mary White Ovington, in the New Republic.

To the Public.

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Witherall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable

everywhere.

# Starck Pianos

No Money in Advance—Satisfaction Guaranteed—Lowest Net Factory Prices—Easiest Terms—A Saving of \$100 to \$200—From Factory Direct

## 30 DAYS' FREE TRIAL IN YOUR OWN HOME

We will ship you a beautiful Starck Piano for 30 days' free trial, in your home. No cash payment required. All we ask is that you will play upon, use and test this piano for 30 days. If, at the end of that time, you do not find it the highest grade, sweetest toned and finest piano in every way, that you have ever seen for the money, you are at perfect liberty to send it back, and we will, in that event, pay the freight both ways. This Starck Piano must make good with you, or there is no sale.

Save \$150.00 or More

Easy Payments

We ship direct to you from our factory, at prices that save you upwards of \$150.00 in the cost of your piano. We guarantee to furnish you a better piano for the money than you can secure elsewhere. You are assured of receiving a satisfactory sweet toned durable high grade piano.

You pay no cash down, but after 30 days of trial, you can begin payment on the lowest, easiest terms ever suggested by a piano manufacturer. These terms are arranged to suit your convenience, and it is possible for you to buy a piano for your home, without paying the money.

Starck

Player-Pianos

Starck Player-Pianos are the best and most beautiful Player-Pianos on the market. You will be delighted with the many exclusive features of these wonderful instruments, and will be pleased with the very low prices at which they can be secured.

2nd-Hand Bargains

We have constantly on hand a large number of slightly used and second-hand pianos of all standard makes taken in exchange for new Starck Pianos and Player-Pianos. The following are a few sample bargains:

Weber ..... \$110.00

Steinway ..... 92.00

Chickering ..... 90.00

Kimball ..... 95.00

Starck ..... 195.00

Send for our latest complete second-hand bargain list.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

# CARDUI

## The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Furious and protracted wars sometimes bring glory, but always widows and orphans.

When a man is counting the probable cost of matrimony these times he should not forget to add the alimony.

What would Germany have done for ammunition if we hadn't made so much for those Russian fortresses?

Justice Hughes may go down in history as the one man who always consistently swatted the Presidential bee.

The Courier-Journal speaks of the "Noble" Stanley. Well that depends upon who is looking at him. Ask Woodson, Vanzant, Rhea and White.

The recent special term of the Ohio Circuit Court was more noted, to those of us on the ground, for the cases it didn't try, than for these it did try.

The Kentucky Democracy is willing to break another one of those Baltimore platform planks. The State convention endorsed the President for a second term.

The wife of the new Secretary of State has restored wine and banished grape juice from State dinners. Maybe we can now have some diplomatic ink with Mexico.

The Louisville daily Herald readers are being treated to a series of the most cutting, searching and slyly written editorials. Just now, on Kentucky Democracy and her leadership.

If it is a fact that the Democratic State Convention failed to put the adoption of the platform to a vote, the only transaction was the turning out of Woodson, Vanzant, Rhea and White. But that was enough. Republicans have no kick coming.

At the close of court last week witnesses for the State sold their claims for seventy-five cents on the dollar. This is the lowest shav for State claims here in twenty years. There is no telling when they will be paid, as the State of

Kentucky is approaching the four million mark in indebtedness.

No such exhibition of humble "crow eating" was ever furnished to Kentuckians as Richard W. Knott, editor of the Louisville Evening Post, following the leadership of Haldeanna, Stanley and the crowd which hooted his good friend Beckham from the stage.

We suggest to Commonwealth's Attorney Ringo that candidate Tanner having served a notice on him "too soon" may have violated some criminal law also, in the premises. If so, it would serve him right to have him indicted by one of the Judge's "good" grand juries. Get down the Statutes, Ben, and see what might be done with a contestant, who dares serve his notice "too soon."

Col. Woodson intimates that he got it in the neck because he voted for McDermott. There may be other reasons, Colonel. While Owensboro is big enough for a Republican National Committeeman and State chairman, we doubt whether or not it could hold Democratic National Committeeman Woodson and State Chairman Hager. This suggestion is made for what it may be worth to Col. Woodson in arriving at the true reason for such an uncalled for, as well as unexpected stroke of lightning, from a clear sky at the close of a balmy and "harmonious" day.

Edwin P. Morrow, the Republican nominee for governor, opened his campaign at Bowling Green Monday, and from Democratic newspaper reports the crowd must have been all that could have been desired. The speech is a masterful arraignment of the mismanagement of Kentucky's affairs by the Democrats. It is simply unanswerable. His specific charges against Supt. Hamlett, who is now the nominee for Secretary of State, are astounding and will produce a sensation. The enormous increase in the State debt, with raise in salaries and increase in needless offices cannot be denied by Mr. Stanley, for he has already made the same charges in his primary campaign. Now he is running on a ticket made up largely of the men who have helped deplete the Treasury and are simply rotating from one job to another.

Why should the Democratic platform makers attempt to take all the credit for the State law giving aid to counties for road building? The law was introduced and championed by a Republican and voted for by almost all Republicans in the General Assembly. Besides it was advocated by their 1911 platform. Unless it is well administered there will be no credit for anyone. This is when it may be made a blessing or an injury. The bare law itself merely raises the taxes of every tax payer in Kentucky five cents on the hundred dollars worth of taxable property. We have heard it charged that the fund is being consumed by an army of boy civil engineers on high salaries, and that the work is being hindered, or stopped, in many places by their whims and hair splitting decisions. It may be too soon to claim credit for this measure, or at least for its administration. We may have to elass these Assistant Road Engineers, employed at the expense of this road fund, along with Mr. Stanley's Deputy Fire Marshals, whom described as infesting the State like a gang of buzzards.

The following from the Hartford Herald is unfair and entirely misrepresents this paper:

The Hartford Republican goes out of its way and without cause makes an unkind personal attack upon Messrs. Birkhead and Ringo—the former (through the Owensboro News) because he did not call a special term of court to investigate alleged election irregularities, and the latter because his attorneys invoked the plain letter of the law in his defense of Tanner's contest suit. Judge Birkhead called a special panel of the grand jury, which has just adjourned, to investigate all kinds of wrongdoing. The editor of the Republican is a lawyer. He must know that after the statute had been cited in the Tanner-Ringo contest suit there was no basis—no suit—upon which to continue action in the matter, as the presiding Judge ruled.

As all our readers know, we made no "personal" attack on either Judge Birkhead or Mr. Ringo. We copied and article from the Owensboro News which made certain charges against the Judge and in an editorial we called on him to answer them in the paper. Has he done so? Was this a personal attack on him? Under its present management this paper has never made a "personal" attack on anyone, and will never do so. But is

the conduct of a candidate free from criticism? The article copied, as many Ohio county people know, is not the worst one published by that paper. It charges bribery in the primary and offers to prove it, if given a chance. A suit for libel at Owensboro is in order, if these grave charges are false. They cannot be sneered away as mere "personal" attacks by Mr. Matthews, nor anyone else. Mr. Ringo was not bound by the statute in his contest case. He didn't have to rely on a technicality. He should have courted an investigation. This was no ordinary law suit. His opponent had charged that he had secured his nomination by fraud and bribery. Mr. Ringo escaped the testimony by taking advantage of a technicality. Now, Mr. Herald, this is no personal attack on Mr. Ringo or Judge Birkhead. As we have stated heretofore, we are personally fond of both of them. However, they are both asking the people to continue them in office eighteen years. We think we have a right to at least notice what is being generally said of their conduct in obtaining their nominations. If we have no such right, will the Hartford Herald please enlighten its readers by mentioning some of the facts.

### They Failed to Salute.

In all our observations of Democratic conventions we have never seen one so void of enthusiasm as the platformless convention which broke up in a riot. The "Biggest Man in the United States," Senator Ollie James, used all his vocal power and campaign genius to start the needed enthusiasm but it came not; he spoke of the great constructive legislation but the usually faithful horde could recall only the soup houses of last winter and the thousands of idle people now roaming the streets of cities, hungry and jobless, while the country abounds in rich harvests, and green vegetables are more plentiful than ever before but beyond the reach of the man out of work. They could recall having seen this summer green beans being offered at 15c per bushel, potatoes at \$1.25 per barrel and cabbage and onions around 50c per barrel and hearing the complaints of the marketmen that his receipts were insufficient to pay the hauling. No applause came. The great voice of "the Biggest" reverberated through the hall and fell on the audience like a wet blanket, much, we imagine as have the efforts of the Russian generals when trying to rally their army to stay inevitable defeat.

It remained for Senator Beckham to give them a chance to show the real spirit which hovered in the bosoms of the host and until he appeared their temperature was below normal and they had refused to salute the flag, but when roused by him with the proposition that "Watchful Waiting" was the advice of the ninety-five thousand Democrats who voted against Stanley, the whiskey candidate, they fired on it with a vengeance and pandemonium reigned. A torpedo had been launched from a submarine and the Democratic ship began to scuttle and is now propelling herself with difficulty toward the mouth of Salt River where she will be beached on the 2nd of November.—Ky Sun.

### Notice.

Center town, Ky., Sept. 4, 1915.  
Editors Hartford Herald:—In the Owensboro Messenger of August 28, 1915, on the front page, is printed an article saying that I and 21 others were to be tried the next day for deceiving Wm. Barnes from Butler county and whipping him brutally. The statement is absolutely false, as I was never charged with whipping Barnes by the grand jury or any one else except this paper, and had no knowledge of the affair until it was over. The Owensboro paper having refused to retract the statement after I notified them of its falsehood, I ask you to print this letter.

I have sued this Owensboro paper for this libel, and only ask that public judgment may be suspended until the case can be tried.

The War Takes the Place of a Tariff.

As to the home market the war takes the place of a Tariff, and a very high Tariff at that. Before the war important lines of American manufacture were suffering greatly from the effects of the Democratic Tariff and the weakest seemed likely to be forced out of business. The holding of our domestic markets will be a matter of legislation.

So will the foreign trade, for that matter, but assuming legislation which will put Americans on an equality with foreign competitors, there will still be serious problems. Trade in war materials is profitable while it lasts, but a sudden peace would disorganize American industry almost as badly as the outbreak of the war. What would those do who are now manufacturing powder and shot if peace were de-

## NO PLATFORM IS ADOPTED BY DEMOCRATS

Convention Adjourns in Disorder Without Acting on Report of Committee.

It is claimed by many persons present that the Democratic Convention Tuesday adjourned without adopting a platform.

At first glance the idea of a platform convention failing to adopt a platform seems too absurd for credence, but conditions will elucidate.

The committee on permanent organization reported not ready and Senator James suggested, in order to save time, the reading of the report of the committee on resolutions. After the reading of that report a delegate moved to postpone further action on it as the committee on permanent organization was ready to report. Motion agreed to. In fact the platform could not be adopted before the permanent organization was affected.

Report of the committee on permanent organization read and adopted. Prof. H. H. Cherry introduced as permanent chairman and speaks to the convention, after which Senator James and several members of the platform committee spoke for the resolutions. Speeches by Stanley, Cohen and others followed, but in the meantime Senator Beckham, who had not been in attendance at the night session, came in and was introduced to the convention. Up to this time the well oiled steam roller had not ereaked or slipped a cog. Stanley had personally directed every movement. The body of the delegates know little and care less about what was being done. The removal of national committeeman, Frey Woodson, State Chairman Vanzant and W. B. White and A. G. Rhea, members at large of the State Central Committee, the most unprecedented and high-handed political robbery ever attempted by a convention was made without a voice of protest. Senator Beckham is a skilled politician, and seeing his party headed for the rocks he moved to reconsider the death sentence it had just passed upon itself in removing from its leadership its most trusted generals. Then Hell broke loose. Beckham was hissed from the stage. Least worst things happen, a resolution to adjourn was quickly adopted. In a moment of confusion and of apprehension of worse things to come the convention lost sight of the report of the committee on resolutions and it is claimed adjourned in confusion without taking action on the report.

### A Medicine Chest For 25c.

In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c. bottle of Sloan's Liniment does it all—this because these ailments are symptoms, not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still, buy a 25c. bottle and prove it. All druggists. 3

## Plowing Time!

Wheat sowing season will soon roll around. Don't put off your plowing until the last minute.

BUY YOURSELF A NEW OLIVER RIDING BREAKING PLOW and enjoy real luxury in plowing.

It does the work so perfectly and with so little effort on the part of your team that you are always in a happy frame of mind when plowing with the Oliver.

If you don't know positively that these statements are absolutely true, ask any farmer who has used an Oliver. If he doesn't tell you they are true in every sense of the term, don't buy the plow.

A telephone call will bring our demonstrator to your field and he will show you how a real plow operates.

A demonstration places you under no obligation to buy. It must please you and do your work to your entire satisfaction or we don't want to sell it to you.

E. P. Barnes & Bro.  
BEAVER DAM, KY.

ciated next week?

The war trade is merely a stop gap. With return of peace we shall be just as we were before, subject to whatever impairment of energy and resources our belligerent competitors may have suffered.

Let no one deceive himself. No destruction by war is possible which will not be replaced by a year or two of peace. And if one imagines that the prodigious debts which will be outstanding will impair ability to compete in trade, let him remember that it is only by increased energy in industry and trade can those debts be met, and that both the nations and their creditors will agree in financing the means of paying debt before providing for any other object.—San Francisco Chronicle.

### Program.

Kentucky Good Roads Day Sept. 15, 1915. Convention Hall 2 o'clock p. m.

Invocation—Rev. Eugene Foote.  
Address of Welcome—Hon. J. W. Newman, Com'r. of Agriculture on behalf of the State Board of Agriculture.

Response—Hon. Harry A. Summers.  
"Good Roads"—Hon. A. O. Stanley.

Address—Hon. Ed. Morrow.  
"Road Economies"—Mr. J. J. Tobin, U. S. Government Expert, Office of Public Roads, Washington D. C.

"Growth of Road Sentiment and Value of the Present Road Laws"—Hon. C. Terrell, State Commissioner of Public Roads.

Chairman—Col. H. J. McBryde, of Louisville.  
Vice Chairman—Mr. Chas. A. Barker, of Pembroke.

Children Cry FOR FLETCHER'S CASTORIA

### What It Means.

What does free sugar mean to the growers of sugar beets in the United States? It means utter ruin. Not only does it spell ruin to the growers of sugar beets, but it means that the money invested in sugar mills will be lost.

Some years ago there was considerable agitation over tin plate. This country was importing tin plate in great quantities. The tin plate industry was unknown in the United States. Some of those familiar with the possibilities of this industry and what it meant to the United States,

advocated the Protective policy for the industry. It is unnecessary to state who advocated the policy. It was adopted. Tin plate mills sprang up and millions of dollars were paid out to American labor. Our money remained at home and all got the benefit of it. The drain was stopped and Europe was the loser by the policy.

This incident was well remembered by the older citizens of the United States. There are some who may claim that by this act we made a few millionaires. Is it not far better to make a few millionaires than thousands of paupers?—Hay City (Mich.) National Farmer.

### Biliousness and Constipation.

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere. m

### The People Get What They Vote For.

The people rule and they get what they vote for—prosperity or adversity. It is the same old contest that confronted the people in 1860, then elected Lincoln, Grant, Benj. Harrison, William McKinley, Roosevelt and Taft, and those standpatters and their principles aided in promoting the world's best and most prosperous government. Thrice in that period the jawsmiths and destructionists elected Presidents, and thrice destructive Congresses, and the periods of the Nation's greatest distress were in 1893-1897, and under the present low Tariff policy that gives reference to Asiatic, African and European pauper labor. Those knocking on Republicanism to-day, as in 1912, are for the Wilson-Irryanism, and the issue is clear cut—for the party of prosperity; or for the party of low Tariffs, closed industries, free soup houses as for past two winters, complacencies at home and abroad, higher income and war taxes, and a bankrupt treasury.—South Kansas (Kan.) Tribune.

### Fine Farm For Sale.

A tract of fine bottom land containing 120 acres adjoining the city of Hartford. Good dwelling etc. much of the land in high state of cultivation.

For terms and price apply to

### W. E. ELLIS & BRO.

Up To Date—For a smooth shave, clean bath, up-to-date hair cut, Shampoo and finest tonics, Riley's barber shop is the place. 614

All indications point to some interesting races at the Ohio County Fair this year. Several horses with widely known 'reps' are already here.

Mrs. Emory Schroeter and children have returned from a visit to Mrs. Schroeters brother, Mr. M. D. Thomas at Morgan, Ky. Mr. E. P. Thomas had also been visiting his son Mr. M. D. Thomas and returned with Mrs. Schroeter.

Mail me your order at once for Fine Raw Bone \$1.55 per 100-lbs. Beef Blood and Bone \$1.20 per 100-lbs. Acid Phosphate .70 per 100-lbs. Raw Phosphate .40 per 100-lbs. Blue Ground Lime .20 per 100-lbs. D. L. D. SANDERFUR, Beaver Dam, Ky. 813

Major J. C. Her is the proud father of a second son who was born Wednesday night. Ten and a half pounds is the weight. Dr. Taylor attending physician.

Mr. Arthur Freivogel returned to his home in Mascoutah, Ill., Wednesday. His wife and little son will remain a while longer at the home of her parents.

The aviator who is to make the flights at the Ohio County Fair here will probably arrive Saturday or Monday. His name is Emil Laird. He is on to all the latest stunts and will give us thrills aplenty.

Lewis L. Walker, Republican candidate for Lieut. Governor will address the voters at Fordsville, Saturday Sept. 18th. As notice of this speech was given at the last minute before going to press we could not give it the desired space.

We citizens of Hartford enjoy our trips to the Post Office since it has moved to the new location on the Southwest corner of Main and Center streets. This is the part of the office buildings which was last occupied by the Hartford Drug Co. The room has been completely renovated and presents a very pleasing appearance.

Mr. E. H. Sheffield killed an unusually large rattlesnake near Ross little last Sunday. The reptile was three feet and nine inches long. That doesn't sound so big but one must remember that rattlesnakes are short and thick and one three feet long is a monster. This one had swallowed an almost grown chicken. Six rattles and a button were the warning signals.

Monday Sept. 13th has been suggested as the proper time and Hartford the place to do street repair work by the citizens repairing crossings drain and filling the holes in streets nearest their homes or places of business. Several citizens have agreed to furnish teams and close up their places of business and work. The town authorities will furnish materials. Have you got the fever? Boost!

### PROF. GREEN TO SPEAK HERE

R. P. Green, the Republican candidate for Superintendent of Public Instruction will speak at Hartford Saturday, September 18th.

Mr. Green is an able speaker and will undoubtedly interest the voters of Ohio County.

### Ohio County Fair.

Arrangements are going forward steadily for the great Ohio County fair which will begin Sept. 16th and continue three days. Vast improvements are being made to the grounds and buildings. No more beautiful grounds are to be found in Kentucky. Situated on the shores of Rough River with a natural grove, which has been the admiration of thousands of visitors, the site furnishes a most delightful place for a few days rest and enjoyment among old friends and acquaintances.

The amphitheatre has been rebuilt and general improvements to all buildings. Good premiums and purses are offered in all departments. Special attractions never before seen in Ohio County have been provided. A fine band will be on hand to furnish music each day. No one can afford to miss the great Ohio County fair this year. Remember the dates, Sept. 16, 17 and 18th.

### POND RUN.

There was a large crowd at No. 19 Schoolhouse last Friday. Dinner was served on ground and there was a ball game between the school boys and teachers which resulted in a 5 to 1 victory for the teachers.

There was a large crowd at the picnic at Williams Mines Grove Monday.

Miss Pearl Robinson, of Enis is visiting her cousin, Miss Shula Robinson.

Miss Fannie Lawrence of Greenville returned home Sunday after visiting friends near Hopewell.

## AUSPICIOUS OPENING OF HARTFORD COLLEGE

Much Enthusiasm At Beginning Of Its Thirty-Sixth Year

Hartford College began its thirty-sixth year of work with splendid prospects on Monday, September 6. A large number of patrons, and interested friends, the entire Board of Education and several former pupils were present. Rev. Creal, pastor of the Baptist church conducted devotional exercises, after which Mr. Orr and Mrs. Creal rendered some enjoyable musical numbers on the violin and piano.

Mr. Henry Carson, of the Board of Education, expressed his gratification at the large number of out-of-town students entering school, the Board's appreciation of the hearty support of the county patrons and their confidence in the ability of the faculty and their earnestness in the work and upbuilding of the school. Col. Barnett stressed the fact that the members of the Board were behind the teachers in everything, in sympathy with all their work and in hearty co-operation with every advancement made.

Prof. Brown, after outlining the year's work, pledged the best efforts on the part of the faculty and expressed his strong belief in the coming year being the best in the history of the school. With the loyal support of the Board, the interest shown by the patrons and indeed by the entire town and the earnestness manifested by the student body, the prospects are very flattering. Rev. Napier, Supt. Shultz, Prof. Leach and others made short talks to the students.

Classifications were completed and lessons assigned and the regular routine of work commenced on Tuesday. A large senior class of twenty-four girls and boys will finish this year. The enrollment in all the departments was slightly in excess of 250.

The following out-of-town High School pupils have matriculated: Misses Eva Butler, Fordsville; Willie Lindley, Matanzas; Evelyn Clark, Mazie Clark, Sunnydale; Sallie Coleman, Paradise; Myra Gray, Loganport; Ruby Dunn, Cromwell; Lulu Shullenger, Irms Carter, Concord; Debra Rial, Clarice Ward, Sophia Ward, Connie Ralph, No creek; Amelia Barnett, Rosethlyn Collins, Hartford; Gladys Bennett, Geneva Brown, McHenry; Gustine Mills, Boda; Messrs. Leon Bishop, Mack Benton, Centertown; James Coleman, Paradise; Ellis Bell, Matanzas; Archie Brown, Rockport; Halley Gray Maddox, Central City; Charley Ward, No creek; Leslie Hagerman, Walker Carter, Concord; Gilbert Westerfield, No creek; Pearl Sanderfur, Hartford; J. B. Igleheart, John Riley Heflin, Heflin.

### Notes.

Mr. Levi Coleman, of the class of '10, now of Birmingham, Ala., was present at opening Monday.

Among the out-of-town patrons present were Mrs. Claude Maddox, Central City; Messrs. Jesse Byars, Friedland; Joe Hagerman, James Carter, Concord; Mrs. Attie Griffin, Louisville.

A large representation of the class of 1915 were in attendance.

Mr. Orr has organized a class in violin and hopes to arrange for a school orchestra. The faculty urge all interested to visit the school often and see the class room work.

A number of out-of-town pupils will enter during the next two weeks. The class in Physics will not begin their laboratory work until next week.

Faculty meetings will be held on Friday of each week.

### IMPORTANT NOTICE.

When you come to the fair next week don't fail to call at the Sheriff's office and pay your taxes and thereby save the penalty.

S. O. KEOWN,  
Sheriff Ohio County.

### Ice Cream Supper.

The Ladies Rural Club of the Washington neighborhood will give an ice cream supper at S. F. Wallace's residence, Tuesday night, September 14. Proceeds to go for benefit of church. Everybody invited.

### Good Roads Meeting.

The Ohio County Good Roads Association met at Rockport Saturday, Sept. 4th, with a large attendance of very enthusiastic members and citizens together with an equally enthusiastic delegation from the South side of Green River reaching as far as Greenville, every town along the line was represented.

Judge T. J. Sparks of Greenville outlined the experience of the Good Roads Association of his county and

## FORDSVILLE PLANING MILL COMPANY

Incorporated  
Jesse Wilson, Mgr. FORDSVILLE, KY.

stated that every member of the Association was really surprised at the enthusiasm manifested over the County and after the first meeting all that was necessary when a Good Roads Meeting was wanted was to merely give a few days notice and they would have a large attendance. The Judge in speaking about the project of our association to build what will be known as the Du Pont Highway from Beaver Dam to Central City, stated in very strong terms that he would speak for Muhlenburg County and meet us half way and even if necessary come over into our County and help inject enthusiasm necessary to make this road a success.

County Attorney, W. H. Gray, of Greenville made a very strong talk and agreed to back all the statements made by the Judge Sparks and wound up his speech by saying: "We will meet you at the River."

Mr. Gray was followed by Mr. H. P. Taylor of Hartford who has proven to be one of our strongest boosters of Good Roads. Every time we hear from Mr. Taylor, he waxes more eloquent and puts more strength in his arguments that everyone should wake up to the fact that we cannot live in this progressive age without modern and up to date roads. Mr. Taylor was followed by Judge Jno. B. Wilson with some very forceful and interesting remarks stating also that the time was ripe for action; that we should go to work at once to get some results from the labors of the Association. Dr. E. W. Ford does not hesitate to let it be known in very strong terms that he is a Good Roads Booster. Mr. L. L. Stewart, General Manager of the McHenry Coal Co., proceeded in his usual way of using the most flowery language that can be selected and clearly demonstrated to the gathering that every time he opened his mouth he said something. Mr. Stewart is very anxious to assist in every way to build the Du Pont Highway which will go through probably two of the mining camps in which he is interested.

After hearing all the speakers, the Association at once proceeded to business quickly agreeing on the 27th and 28th of Sept. to be road working days. This work to apply on the Du Pont Highway from Beaver Dam to Central City. The names of the Committee of Location are as follows: Judge John B. Wilson, T. H. Benton, Engineer; R. H. Shelley and Orville Taylor and Guy Statler. Soliciting committees were appointed all along the route to solicit patrons of the road who will agree to lend their assistance on these days. It is expected that the ladies will prepare dinner for all of those who work. The Locating Committee will immediately go to work on this Highway and get same staked off and get it divided into sections and complete organization of teams and labor to the best advantage.

The business houses along the line will all close and the Association has the promise of numbers of teams and men already. It is hoped that everyone will co-operate together and make this the most successful road working day that has been inaugurated in this State.

The following list of names are those who have joined our Association since our last meeting:

L. L. Stewart, McHenry; Jess Burger, McHenry; J. L. Jenkins, A. T. Baker, Echols; S. J. Gish, Central City; H. E. Duke, F. L. Felix, Heber Matthews, W. H. Parks, Marvin Laird, Hartford; Orville H. Taylor, C. M. Taylor, W. R. Cook, Beaver Dam; A. T. Bell, C. L. Bell, Roy King, O. C. Nagan, F. M. Hoover, J. G. Bell, Buford; Willard Lake, Sim-

mons; J. F. Miller, R. C. Reid, Jno. T. Jackson, S. L. Fulkerson, Sam Fogel, A. B. Kevill, Z. Hassel, J. I. Hosick, Urey Hasden, A. D. Park, Rockport; S. J. Tichenor, McHenry; A. D. Kirk, Vernon Ligon, Hartford.

Respectfully,

GUY STATLER, Sec.

Ohio County Good Roads Association.

### Teachers Meeting.

The teachers in Educational Div. No. 3 will meet at Hartford College on Sept. 11, 1915, with the following program.

9 O'clock called to order by President.

9:30—Devotional, Rev. Napier.

9:50—Roll call. Answer by quotations from R. W. Emerson.

10:00—Reading of Minutes of previous meeting.

10:10—Welcome address by H. E. Brown.

10:25—Response by J. W. Kirk.

10:40—Is it practical for Agriculture and Domestic Science to be taught in the Rural School, Mrs. Ira Day and Mrs. Gertrude Funk.

11:30—Methods of Checking the use of Tobacco, Prof. V. M. Crowder and James Hamilton.

Noon

1:15—Address by Supt. Orma Shultz.

1:45—How may the teacher assist in good road movements, L. C. Smith, A. C. Baughn and Prof. Henry Leach.

2:10—How to teach a Successful moonlight School, L. G. Barnett and M. T. Gentry.

2:30—How shall we Deal with a Rebellious and Disobedient child, by Misses Cliffie Felix, Lella Glenn and Bessie M. Wright.

2:10—Closed by General Discussion by the body.

### ANNOUNCEMENT.

To the Public—I have bought of Mr. E. Hirkhead the farm agency of the Continental Insurance Company and will continue to write farm property in the Continental in this county and Butler.

The Continental is an old established company and needs no introduction to the people of Ohio county. It has a capital of more than two millions of dollars and has been doing business for many years. During all of the time that it has been writing farm property in this county it has never had a lawsuit and although it has had hundreds of losses, no one has ever had to sue to collect his loss.

I will have an office in Hartford and will continue the practice of law in connection with my insurance. I will have good solicitors in the county and will appreciate your business. When you write your business in the Continental, you know you are safe, it is not experiment.

Thanking the people for their many past favors and hoping that I may be favored with your business.

Sincerely,

OTTO C. MARTIN.

\$1 Up. European Plan

### Advantage of Protective Tariff Seen.

The vast influence of the European war in the development of America is convincingly portrayed in an article by Edward Mott Woolley in the current number of Everybody's. While the author studiously avoids anything that savors of partisan politics, the array of facts presented leaves no room for doubt that because the European war is a more inviolable bar to imports from Europe than any Protective Tariff could be, it has started American factories and given employment to American labor in enterprises heretofore filling the pockets of workmen abroad. Beginning with dyes such as magenta, potash, glass, crocote, potash, mineral waters lenses for pocket flashlights, silver plated glass, spectacles, rubber hose, cutlery, crockery, porcelain, paper novelties and toys which we formerly imported in large quantities, but which America is now making for her home markets of finding substitutes. Not only that, but the American products are supplying South American markets, where imports from Europe have been cut off. The extent to which home producers are profiting by the exclusion of foreign-made goods will be a serious stumbling block to the Democratic advocates of increased importations under low Tariff or Free Trade, but facts are facts, though only a war could forcefully impress them upon some people. Woolley says, "we haven't conquered American minds. Yet, it is true, as much of anything in the aggregate, though many things in units. We are just beginning to fight. The real battle will be fought in November, 1916, when the American people will decide at the ballot box whether they will retain the advantages they have gained, by enacting a Tariff law that will keep out foreign products after the war is over.—Pierce (Neb.) Call.

**Worth Their Weight in Gold.**  
"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold," writes Miss Clara A. Driggs, Elba, N. Y. Obtainable everywhere.

**China's Industrial Possibilities**  
Protected countries invariably raise their standard of living, and, in the long run, this works to the benefit of those other countries thereby deprived of a market for certain commodities. As exporters we lose in some lines when a nation adopts a Protective Tariff, but we gain when that policy results in increased consumption.

America does not sell less, she sells more to Canada because that country has put up barriers to protect her home market. Canada, under Protection, has developed many industries, increased her national wealth, raised her standard of living and so multiplied her necessities that she buys far more from the United States than she would have done under Free-Trade.

This is the larger view of Protection and it must be the one taken in regard to China if we want to sell her more goods. Instead of the powers framing a Tariff for her, she must be allowed to frame it herself, and at once, if she is prepared to encourage home industry.

The awakening of China to her industrial possibilities is certain to prove the most important economic event of modern times.—San Francisco Chronicle.

### None Equal to Chamberlain's

"I have tried most of all the cough cures and find that there is none that equal Chamberlain's Cough Remedy. It has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. Obtainable everywhere.

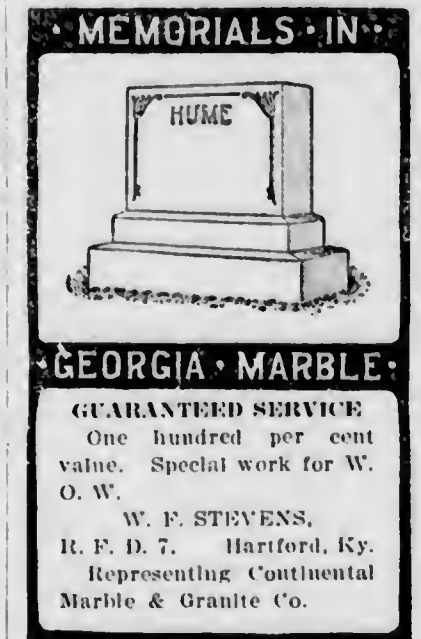

**The McKinley Way.**  
It's clearly in the air for 1916. Go down to Philadelphia and see in the Manufacturers' Club the big portrait of William McKinley, the apostle of prosperity, mingle among business men, farmers, bankers, merchants, laboring men and the railroad people, and you will quickly find out whether we are drifting. When William McKinley entered the White House on March 4, 1897, after four years of Democratic national control, the session of Congress to undo the prosperity-wrecking and deficit-making laws of the preceding four years was the first thing determined on.

new prospects and there followed the greatest era of industrial development the country ever knew.

President McKinley realized his duty as the "advanced agent of prosperity." He had no fear of Congress in extra session. "The people have only recently voted that this (a Protective Tariff enacted) shall be done," he declared in his inaugural, "and nothing is more binding upon the agents of their will than the obligation of immediate action."

The McKinley example of prompt achievement is precisely what the people are to-day determined shall be followed by the Republican President-elect to enter the White House on March 4, 1917. His motto is of no great consequence, but his purpose is, and the only closely defined one, is the McKinley way of quiet, steady, storing prosperity the more energy will be the more energy in the election of 1916.—Lewisburgh (Pa.) News.

## LATEST WAR NEWS

Monday.

**Submarine Warfare.**—The Albin line steamer Hesperian, with 350 passengers and a crew of 300 on board, bound from Liverpool for Montreal, was attacked without warning by a German submarine off the Irish Coast Saturday night. Although the torpedo found its mark, the vessel remained afloat. The company stated last night that all on board were saved. Consul Frost at Queens-town cabled the state Department at Washington that probably eight lives were lost, but that of the one or two Americans on board none was lost. The consul also stated that the Hesperian carried one 4.7 inch gun mounted and visible on her stern.

**On Battle Fronts.**—On all the fronts heavy fighting is in progress. The Germans and Austrians report further victories for their troops along the Eastern line; Paris tells of the silencing of German batteries at several points in the artillery duels that have been going on for days; the Italians claim further advances against the Austrians; the Turks assert that they have gained minor victories on the Gallipoli peninsula, but in return they have been bombarded from land and sea by the Allies near Seddul Bahr.

**British Admiralty.**—The First Lord of the British Admiralty, Arthur J. Balfour, in a long letter to the British press, after reviewing the German naval policy, asserts that "while the losses inflicted by the German submarines have been formidable, British mercantile tonnage is at this moment greater than when the war began." A correspondent who has visited the grand fleet of Great Britain and the great naval bases during the past week describes the preparedness of the British warships for any struggle which may come with the German fleet, and quotes the officers as authority for saying that every month the British fleet has grown stronger and is better organized to meet any emergency.

Tuesday.

**United States.**—Revised figures give the number of missing on the liner Hesperian at twenty-six, including six second cabin passengers, six third cabin passengers, thirteen of the crew and Miss Carberry, of New Foundland, whose body has been found. The vessel plunged to the bottom seventy-eight miles southeast of Fastnet. Judgment is suspended in Washington pending receipt of complete information concerning the attack of the Hesperian, and officials at the Capitol are not disposed to question the good faith of Germany in recent assurances that her submarine commanders had been ordered to attack no more liners without warning.

**Russia.**—The Germans evidently have been unable to follow up to any great extent their successes in driving the Russians across to the right bank of the Dvina river, near Friedrichstadt, for Berlin asserts that the situation from the Baltic to the east

of Grodo remains unchanged. Farther south, however, the armies of Field Marshal von Hindenburg Prince Leopold, of Bavaria and Field Marshal von Mackensen continue to advance.

**France.**—In reprisal for a German aerial raid on Luneville during Market day, which resulted according to the French official report, in many casualties for the most part women and children, a squadron of forty French aeroplanes has hombardeed the station, works and military establishments of Searbrucken, in the province of the Rhine, Prussia.

**England.**—Two additional British steamers have met with disaster either from submarines or mines—the tanker Cymbeline, of whose crew six were killed, and the steamer Mimosa. The men on the latter vessel were saved.

Wednesday.

**United States.**—Secretary Lansing was informed yesterday by Ambassador Dumba that in addressing workmen in America munitions factories he acted not on his own initiative but on instructions from his Government. Secretary Lansing said he would lay the matter before the president, but it is known that he hinted to the Austrian Ambassador that a voluntary retirement would be desirable. The fact that the Dumba documents were carried abroad by a man bearing American passports is also regarded with gravity.

**Russia.**—Czar Nicholas in a telegram to President Poincare of France announced that he had assumed command in person of the Russian armies in the field. Whether this means the retirement of Grand Duke Nicholas, who has been in command since the war opened, is not known. London interprets the announcement, together with the visit of Gen. Joffre to the Italian front, to mean that a concerted offensive movement is being planned by the Allies.

**England.**—British warships bombarded German positions along the Belgian coast as far as Ostend. In this attack they were assisted by French artillery.

**Germany.**—An air raid on the east coast of England Tuesday night resulted in several fires and some casualties, the exact details being promised by the British news bureaus as soon as ascertained.

**France.**—A continuation of the artillery duels with the Germans along the front is announced in the French official statement. French aircraft attacked the railroads around Peronne and also dropped bombs on the military establishments at Freiburg, Baden.

Thursday.

**United States.**—Germany's note to the United States concerning the sinking of the White Star liner Arabic by a German submarine has been delivered to Ambassador Gerard in Berlin. The note ascribes the destruction of the steamer to an act of self-defense on the part of the submarine, expresses the German Government's deep regret that American lives were lost, and offers to refer the question of reparation to The Hague for adjustment. Secretary Lansing cabled Ambassador Gerard to report any information available in Berlin regarding the attack on the Albin liner Hesperian.

**Austria Hungary.**—Dr. Constantine Dumba, Austro-Hungarian Ambassador, left Washington for Lenox, Mass. to await word from Secretary Lansing as to whether the United States is satisfied with his explanation of his intercepted letter to Vienna outlining plans for withdrawing Austro-Hungarian labor and handicapping American munitions plants. It is understood the Ambassador proposes going ahead with his plans without regard to the attitude of the American Government.

**Russia.**—The transfer of Grand Duke Nicholas to the Caucasus and the assumption by the Russian Emperor of command of all his land and sea forces has caused surprises among the allied nations, but the opinion is expressed that the Emperor is merely following Russian traditions and that the Russian troops will give a better account of themselves in the knowledge that "The Little Father" is personally directing their efforts.

**France and England.**—Hard fighting is in progress on the eastern front and on the western line in France; Germany has made another air raid on the eastern towns of England and has attacked also London district with aircraft, loss of life and material damage resulting. Latest reports from the near East state that heavy fighting has been going on in Gallipoli, the troops on land being assisted by the fleet.

ROCKPORT.

The Rockport graded school opened Tuesday morning with a large attendance. Three new teachers are in charge this year, only one of last year's teachers having been retained. The School this year promises to be very successful.

A large crowd attended the Good Road meeting here Saturday and several speakers were heard.

A petition signed by nearly every citizen of Rockport asking E. A. Graves to become Marshal of Rockport was circulated here this week. Mr. Graves is well qualified for the position and would make a good officer.

Some of the alleys in Rockport are not only a disgrace to the town but the county and state as well. They are a grave menace to the public health and the Board of Health should take action at once, when the people of Rockport are forced to pay an officer a high salary to collect taxes it looks like the alleys and streets should be given just a little attention.

A fair sized crowd attended the picnic here labor day. Equality defeated Rockport by a score of 3 to 0, here Monday. Several from here attended the picnic at McHenry labor day.

Is Sickness A Sin?

If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Ills, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax is Podophyllin (May Apple), without the gripe. It arouses the Liver, increases the flow of bile—Nature's antiseptic in the bowels. Your Constipation and other ills disappear over-night because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist to-day. Get rid of your Constipation overnight.

Sit Down and Do Some Thinking.

Now, here's the nub of the whole matter—so far as we of America are thus far concerned: we're selling Europe millions of dollars' worth of stuff—stuff that we couldn't have sold her had there been no war; and she's selling us very little—where she would have been selling us very much and there been no war. The war has given an immense balance of trade in our favor; it has saved us from a period of trade depression such as we have never known. Democratic Tariff reduction was in favor of Europe—and against our own country. Hard times were coming in this country before the war broke out; but the war checked the thing very materially. Times are not very brisk as it is; but what would have been our plight had the war failed to come?

You low-Tariff advocates, sit down—and do some thinking.—Columbus (O.) Saturday Monitor.

Your Cough Can Be Stopped.

Using care to avoid draughts, exposure, sudden changes, and taking a treatment of Dr. King's New Discovery, will positively relieve, and in time will surely rid you, of your Cough. The first dose soothes the irritation, checks your Cough, which stops in a short time. Dr. King's New Discovery has been used successfully for 45 years and is guaranteed to cure you. Money back if it fails. Get a bottle from your Druggist; it costs only a little and will help you so much.

Up and at 'Em!

Want to hear the whistle blowing? Want to start the wheels a-go! Want the milk and honey flowing? All the country through? Hey, you Mike and Jack and Teddy Want a job that's good and steady? Say if for good times you're ready, Men its up to you.

You know what has caused stagnation In all sections of the nation, Put you on a soup-house ration; Rough indeed your lot. You know why your wife was sighin,' Why the little ones were cryin,' While to get work you were tryin,' And could find it not.

You know why there came disaster To the worker and his master; Kept a comin' quick and faster.

Free-Trade brought the blight. Now, men, you've a chance to knock it. Thump and bang and swat and sock it. You'll have money in your pocket When it's dead, all right.

JACK WILEY.

Children Cry FOR FLETCHER'S CASTORIA

Stanley In His Wrath.

Go to it Owsley. Break every dry head that sticks up. The distillers and brewers nominated you and you owe nothing to the State-widers.

It was the last personally directed State Convention you udd the liquor

people in Kentucky will ever personally conduct and why not run riot while the rioting is good?

To punish one's enemies is a sort of savage instinct, but we are all a little human, you know, and you did the dry bunch up brown. Only a short year ago the Beckham-Haley crowd put it over you good and strong but you are getting back at them now.

"No prohibitionist can be a Democrat," and the dry people had no business in a whiskey-brewery-Democratic convention no how.

And you had your liquor crowd hiss Senator Beckham off the stage. Bully boy! When Senator Beckham is pointed out at Washington as the Senator who was hissed off the stage by your Brewer's and distiller's Democratic Convention in his home state, won't your cup of vengeance be full? And Urey Woodson. Just to think he would block your game of appointing Jett "even though he were an alien" postmaster at Owensboro. Serves him right. And how gracious of you to rub salt into Ureys wounds by raising his bitter personal eulogy. "that person" Hagar to the Chairmanship of your State Central and Campaign Committee. Ah! Owsley, revenge is sweet, but what of November.

And then they say that in your wrathful mowing down of your enemies you overlooked the adoption of your platform. But that is a trifling matter. "Bully for booze and to hell with my enemies" covers the matter anyway.—Ky. Sun.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Indians Eat Grasshoppers.

Willows, Cal.—Sixty Digger Indians in Grindstone Canyon, about thirty-five miles from Willows, in the Coast Range Mountains, have nothing but swarms of grasshoppers and the generosity of the people of Glenn county between them and starvation, according to reports brought to this city by hunters and campers.

The members of the tribe, the majority of which are very old, live in one of the wildest canyons in the Coast Range, where little can be grown. Most of the men and women are too old to work or hunt, and almost all of the families are destitute. Grasshoppers now form the chief food. Digger Indians for centuries have eaten grasshoppers through choice. Now, in Grindstone Canyon, they are being eaten to stave off starvation.

Constipation Causes Most Ills.

Accumulated waste in your thirty feet of bowels causes absorption of poisons, tends to produce fevers, upsets digestion. You belch gas, feel stuffy, irritable, almost cranky. It isn't you—it's your condition. Eliminate this poisonous waste by taking one or two of Dr. King's New Life Pills tonight. Enjoy a full, free bowel movement in the morning—you feel so grateful. Get an original bottle, containing 36 pills, from your Druggist to-day for 25c.

Curious Beliefs That Sway conduct of Many.

If you shiver, some one is walking over your future grave.

When your nose itches something will happen to vex you.

When your right eye itches it is a sign of good luck, when your left eye, of bad luck.

When rooks desert a rookery it forbodes the downfall of the family on whose property it is.

A spider descending upon you from the roof is a token that you will soon have a quarrel from a friend.

Candles and other lights are supposed to burn blue and dim when invisible.

Under Gag Rule.

The editor of the Evening Times having, by crowding out Urey Weedson, received a questionable title to a seat on the National Committee, thus expresses his gratitude:

The editor of the Times believes that the best proof that can be given his appreciation of the honor done him by the State Democracy will be sincere, active work for Democratic success in City and State and Nation. That he will give.

The State Democracy had nothing to do with the measure of ripping up the organization of the Democratic party.

It was done by a few liquor leaders whose loyalty to the Democratic party is always secondary to their loyalty to their own interests.

The convention, believing everything was being done to promote party harmony, paid no attention to

## Idle Funds Represent Lost Interest

If you had a machine that you could operate at a good profit day in and day out, would you not count as a loss the time it stood idle?

Your money is a good money-making machine. Invested in our certificates of deposit or on saving account, it earns interest every day of the week, every week of the month and every month of the year.

Remember, we give you absolute security and pay you the best rate of interest.

## Reducing the Cost of Upkeep—

Ball Bearing Long Wearing

## THE INSTALLATION of L. C. Smith & Bros. Typewriters

is invariably followed by the discovery that the bills for ribbons are much less than before. A large corporation recently found that its ribbon expense was cut in two. This is not an accident. It is the result of the mechanical construction that makes the L. C. Smith & Bros. cheapest to maintain.

The ball bearings give light touch and eliminate pounding impact. The ribbon is actuated by the carriage, not the typebar. The ribbon mechanism is automatic, so that the ribbon reverses at the instant the end is reached and without added strain.

Low ribbon cost, low cost of maintenance and the highest efficiency—these are guaranteed to L. C. Smith & Bros. users.

## MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 18 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

the report of the Committee on Permanent organization, and few, except those in conspiracy, knew what had been done until Gov. Beckham spoke. The objections were ruthlessly silenced by foolish points of order and arbitrary rulings, which prevented the State Democracy from getting a hearing in a convention called solely for the purpose of framing a platform to fit the ticket the Democrats had named at the polls.—Ky. Sun.

Always bears the Signature of *Charles H. Fletcher*

Regional Protectionism

In an editorial article in the Michigan Manufacturer and Financial Record of August 14, entitled "We May All Be Protectionists Yet," in which the Free-Trade administration is urgently urged to restore Tariff duties on sugar, wool, iron and steel, the writer makes the following suggestion.

If the tariff on sugar can be made to become a non-political question, and can be determined upon the imports with something akin to mathematical accuracy, we may not be forced to look upon the close of the present war as being the beginning of an era in which Michigan sugar-producing industries will cease to thrive.

Why should a simple producing industry be singled out as the one whose rightful claims to Protection should be made to become a non-political question? If the Tariff on sugar can be taken out of politics, why not the tariff on wheat, barley, corn, hay flaxseed, poultry, eggs, but-

ter, cheese, food, animals and dressed meats is sugar alone non-political? It is a curious suggestion first, because it sounds a bit sectional and selfish; second, because it is specifically and generally impossible to take the sugar tariff or any other Protective Tariff out of politics; third, because the Michigan sugar grower is more entitled to protection than are the farmers of the United States and all the industrial producers of the United States. We feel certain that our Michigan friend can accomplish more for the benefit of Michigan's sugar producing interest if he will broaden his efforts so as to include Protection for every form of American industry and production. In that way alone "we may be Protectionists yet." Certainly we shall not all be Protectionists if we make the mistake of advocating Protection in spots. There has been altogether too much of regional Protection in the past. Protection must be for all or for none.

## A MODERN SCHOOL
